MORE PITTSBURGH PARTICIPANTS NEEDED FOR ACCURATE STATISTICS... you'll reap the benefits!

"The competition in Southwestern Pennsylvania for your skilled workers is heating up. You need to know what wage rates and benefits in the area are competitive in order to retain those highly valued, skilled employees."

—Bob Kettering
President, Pittsburgh Chapter NTMA

Find out what competitive wage rates really are by participating in the **NTMA Wage & Fringe Benefit Survey.**

It's time for the NTMA's annual Wage & Benefits Survey. As you may, or may not, know, the report breaks out a column for wages and the benefits in the Wage Report for each chapter that has an adequate sample size (at least 10 members). At this point, the Pittsburgh Chapter does not have enough participants to get accurate statistical data for our region.

The survey information is a GREAT benefit to NTMA members, but you've got to complete a survey to have access to the final results. The information is compiled in such a way that your specific company data will not be identified.

Complete the attached survey and return it prior to **November 1, 2007** to **Mackay Research Group, P.O. Box 768, Lafayette, Colorado 80026** or Fax to **720-890-8719**.

If you prefer to e-mail your completed survey, please send it to John Mackay at john@mackayresearchgroup.com.
